

Summary of the SMA's answers

Survey Information

Project name	Tackling the next generation of debris hiding in orbit: Carbon fibres
Creator name	admin
Organisational Unit	OPS-SD
Result	Advanced stage

Result description

Your project showcases advanced sustainability practices. Strive for further innovation to maximize your project's alignment with the feasible Agency Sustainability Objectives and sustainability efforts.

Climate Change Action and Mitigation

GHG emissions reduction	Direct
Climate change awareness and impact mitigation	Indirect
Energy Efficiency	Indirect
Pollution prevention, remedy, monitoring or reporting	Indirect

Biodiversity and Ecosystem Conservation

Biodiversity Awareness	Indirect
-------------------------------	----------

Sustainable Agriculture	Indirect
Sustainable use of marine resources and coastal ecosystems	Indirect
Ecosystems prevention and restoration	Indirect

Circular economy

Circular economy promotion	Indirect
Increase in Global Gross Domestic Product while reducing use of natural resources	Direct
Reduction in waste or environmental release of chemicals	Indirect
Information on how to implement a sustainable way of living	Indirect

Sustainable Transportation and Infrastructure

Adoption of clean and environmentally-sound technologies and construction processes	None
Promotion of sustainable and smart mobilities	None
National technological developments, research and innovation (especially in developing countries)	None
Affordability and accessibility of urban and peri-urban transport	None

Human Health

Local food	N/A
Poor/vulnerable people	N/A
Health treatment or prevention	N/A
Access or efficient use of quality water and its resources	N/A

Social Equity and Accessibility

Business diversification, technological improvement or innovation	Direct
Access to education	None
Access to safe, secure and decent inclusive jobs	Direct
Discrimination and corruption risks reduction	None
Founding or investment for underrepresented groups	Direct

Thank you for taking the time to complete the Sustainability Maturity Assessment.

We trust that this exercise has stimulated thoughtful consideration of sustainability and has equipped you with valuable resources.

This report shows your answers and comments in a simple format that you can use in your CM25 proposal.

If you want to further evaluate or improve your proposal's positive sustainability impact, please reach out to Marta Salieri at marta.salieri@ext.esa.int.
